

AFFORDABLE HOUSING IN NEW ROCHELLE

The high cost of housing in Westchester County has made affordable housing a priority in New Rochelle.

The City has passed affordable housing legislation for new private developments which requires a minimum set-aside of affordable units or a payment into an Affordable Housing Fund for the construction of new units.

Section 8 rent subsidies are provided to income eligible renters, and federal HOME funds are used to construct new affordable units and rehabilitate existing housing occupied by low income persons. New Rochelle also has a wide choice of affordable rental housing at the following locations:

Seniors 55 or 62
