

NOTICE OF AVAILABILITY  
OF A FINAL ENVIRONMENTAL  
ASSESSMENT REPORT  
PROJECT IDENTIFICATION NO.8759.00

The City of New Rochelle is developing a plan to replace existing traffic signals and improve pedestrian facilities along Main Street and Huguenot Street and to convert the current one-way sections of both streets to two way operations. The project will start at Cleveland Avenue and extend to Emerson Avenue. The total length of the project is 2.2 ± miles, all in the City of New Rochelle, Westchester County.

Design plans for the project have been developed by the City after coordination with Federal, State and Local agencies.

A Final Environmental Assessment including any comments on the Draft Environmental Assessment has been prepared which assesses the project's effect on the quality of the human environment in accordance with the provisions of Section 102(2) (c) of the National Environmental Policy Act of 1969 P.L. 91-190 (NEPA). A Copy of the Final Environmental Assessment is available for review and copying during business hours at the offices of the City of New Rochelle, Department of Public Works, 515 North Avenue, New Rochelle, NY 10801, weekdays, from 8:30 am to 4:30 pm.

Comments on the Final Environmental Assessment should be sent to the Director of Traffic Engineering at the above address by August 31, 2018.
