Plastic Bag Ban

Reminder: New York state's ban on plastic bags takes effect on March 1, 2020 and prohibits the distribution of plastic carryout bags by retailers in New York state. Any person required to collect tax will no longer be able to provide plastic carryout bags, as defined in Title 28 of the ECL, to their customers.

Some exemptions do apply so visit the [Bag Waste website](#) for complete details. The website also contains links to posters and social media material to help you let your customers know about the ban.
